RE: Diversity Report – June 2021
DATE: June 7, 2021

Highlights

- Met virtually with Winnie Zhou, SO-PA, ADSO-DV, Division 12 to help her complete and submit the NACON Three Star Award application for flotilla 12-01.
- I have started working with the community resource centers for Potrero Hill and Sunnydale low income housing for the purpose of introduction, recruitment, and inclusion into the Coast Guard Auxiliary.
- I have been asked to take part in a virtual meeting with counselors from LA Raze community resource center in San Francisco to discuss how to get young adults from their program involved with the Coast Guard Auxiliary.

Progress to date

- Continue to work with as many FSO-DVs and SO-DVs within their units to submit the NACON Three Star Award application before the deadline of submission approaches.
- My goal for the next couple of months is to find a way how to introduce youth living in economically challenged neighborhoods in San Francisco to the Sea Cadet program for the purpose of recruitment and inclusion.

Respectfully submitted
Steven Hilt, DSO-DV D11NR
