## **District 11N DSO-PV Report for May 2021**

Visits are starting rise according to reporting, but it is suspected that a lot of visits have yet to be reported. It is encouraged to have all our program visitors submit their visits at least monthly so they can get recognition they deserve and have earned.

Going forward, please have all your Program Visitors put in a ATD (Assignment to Duty) ONCE for program visits, they do not need to do it every time they want to go out. With the ATD done and having their COVID info to Diraux, they can then do PV's when ever they want as long as they follow Phase 3 directives and local COVID guidelines.

Please encourage more of your members to become a Program Visitor, we really cannot have to many. There is a link to the PV manual at the end of this report. The test is 'open book' and done via the testing center.

Century Club Members Congratulations to Phil Mammano who is our first program visitor to complete 100-plus visits. Looking forward to see who will be the next member to this way cool club.

Our Goal for this year 2021 for the Marine Visit is to increase the marine visits by 2% from 2019 (see the stats chart) since 2020 was a COVID-19 bust.

The first column in the table (above) shows the number of visits reported to the SO-PV. The challenge is getting the two to match via reporting via form 7046. We need to encourage our visitors to report their visits timely.
