3. Updated 2021 C-School information per the website:

All C-Schools for the remainder of FY2021 have been cancelled except for AUX18 (FAA Oklahoma City, OK. Sept 20-21 NEW Date; Sept 27-28 NEW Date) which are full at this time.

Please be aware that none of these convenings are guaranteed. USCG Funding within the budget will effect plans as well as student signup. Courses must get funded with AFC 56 money for listed dates or the course may be canceled. Exportable courses are designed with very limited AFC 56 funded seats and are designed around local no-cost orders from the DIRAUX's offices. They are scattered around the country to accommodate as many students as possible in a geographic area as requested by District Axillary leadership to the course POC. Some C-Schools are being held virtually using the ZOOM and / or MOODLE platforms. Contact the course POC listed on the [C-School Matrix](#) for current details.

4. District Training Calendar

Additional classes will be added as needed. Calendar will be coming once a few classes can be added. Thank you to those instructor that taught this last month and to those volunteering to teach in the next few months.

5. DSO Information Meetings

Sent an email out to all DSO's about having a webinar to have discussion and provide information to all the SO/FSO within their lane. Currently have several scheduled and some that have requested additional as they are planning to not only do the first session but continue either monthly or quarterly. Will continue to support as needed

Respectfully submitted,
